

# INSPIRATION GARDEN

## EXCEPTIONALITY FUND

Through the Exceptionality Fund, kids with varying degrees of special needs are able to attend Muskoka Woods. These inspiring boys and girls discover new possibilities and uncover their hidden potential at Muskoka Woods. They are integrated, to the extent possible and appropriate, into camp programming by members of the Exceptionality Program Staff, befriended by their cabin mates, celebrated as they bravely perform on stage at Impact and are encouraged to try new things in a safe camp environment.

A highlight for 2017 was the opening of the Inspiration Garden, a sensory garden for our guests with autism. This peaceful garden encourages movement and activity, by combining sensory toys, a water feature for miniature sailboat racing, a Snoezelen room, music centre and cozy cabins.

Thank you to everyone who helped make this garden possible for these exceptional youth!
